

- 10/8 - 6pm-7pm
 - began bootstrap tutorial for project. read through project requirements
- 10/10 – 10AM-11AM
 - finished bootstrap tutorial
- 10/10 – 3-6PM
 - figured out inkscape and did wireframes / sketches
- 10/11 – 12AM-1AM (in the morning)
 - fiddled with submission, starting my figma journey. Misinterpreted instructions so I guess i'm starting on figma.
- 10/11 6-7PM
 - figma.
- 10/15 2-7PM
 - made the navbar of Bootstrap rough draft
 - Made tentative body
 - lots of debugging
 - TODO: hide email list. Maybe add button to toggle inbox and draft
- 10/16 2-9AM
 - Finished all sizing for all size screens.
 - Finished all button placements.
 - Lot of debugging
 - TODO:
 - Maybe make inbox and reply a toggle? Fold out?
 - Style everything
 - New icons, remove dependencies on w3
 - Center Search
 - Icon for reMail
- 10/18 6-7PM
 - showed off rough draft
- 10/21 6-8PM
 - fixing the TODO, mostly styling, checking for icons, etc.
